~~Order — Ms. Resolution Rout.~~ No. , dated Refer to E 5883/ 28-10- 1938

The Board observes that there is already wire fencing on the eastern and southern sides. The estimate now received provides for wire fencing on the western sides. The fencing along E F G H I J in the plan measuring 65 chains or about 435 feet seems to be unnecessary and may be cut off. It is not also known why the fencing on the two sides was not considered when the fencing on the eastern and southern sides was carried out in 1937-38. The Coll. is requested to report on these points and state whether the

estimate cannot be reduced.

2. The Collr. is also requested to report whether a Mandal Revenue Ledger will not meet the purpose and if so to submit an estimate therefor.

3. In the next data statement received with the estimate interest on the capital cost of the estimate in col. 9, has been calculated at 6% instead of 3% as required in ~~accordance with~~ Govt. Lr. No. 28-9-37. The Collr. is requested to have the statement revised accordingly and resubmit

to the Collector of Nellore
(with estimate, plan & revised data statement & the above reply).

R O C *No.* 3327/38 B.1 *dated* 6-1- 1939

Sir,

Buildings - Hospet taluk - Sub Collector's residence - provision of barbed wire fencing - estimate.

Ref. Board's Ref. C. E 5883-38-1 dated 25-10-1938.

I submit herewith a copy of the Executive Engineer's reply to the Board's reference quoted above. The savings in fencing can be effected if the portion covered by E F G H I J is excluded but such a course is likely to encourage encroachment by pattadar on Government land. As suggested by the Executive Engineer this portion may be sold to the adjoining pattadar, if the Board considers such a course desirable.

The estimate and the rent data statement will be revised after the Board's orders are received on para 1 above.

7.1.38

P.S. 7/1. For Collector.

Copy of letter R. No. 332 C dated 24-12-1938 from the Executive Engineer, Bellary, to the Collector, Bellary.

Board of Revenue suggests that the corner projection on the western side may be excluded from the fencing. If so, it is liable to be missed by being encroached on by the adjacent pattadar and hence it has been included within the

the proposed fencing and this may be retained in the estimate. But if it is considered otherwise, the line D E may be produced to meet J K at J' and the land enclosed by E F G H I J J' may b sold away to the adjacent pattadar as it is superflous to the compound. Then the fencing l ng E F G H I J J' may be cut off from the estimate provision and an extra length of J' may be added to the balance. This works out to a net deduction of 500'-0" which may be effected in the estimate in provision of 1900'. I request you to consider wheth r the land enclosed by E F G H I J J' may be sold away to the adjacent pattadar or the land may be retained. If the suggestion of retaining the portion of land is not accepted, Then the fencing length will have to be cut off from the estimate provision and the estimate also to be revised. The fencing of these two sides was not considered in 1937-'38 in the interest of economy probably because there is live fencing on the western side and a high mound on the northern side but the experience of the occupant has now shown that these are not sufficiently preventive to cattle trespass which is causing even now much nuisance to the garden and the flower pots etc., Hence the necessity for proposing the fencing, under reference has been now felt.

2. Madras thorn hedge is not procurable here and may not be a success on account of the gravelly and rocky soil to be met with and scanty rains in the locality. The Sub Divisional Officer has consulted the Sub Collector on this matter and he is also of opinion that the proposed wire fencing is essential.

3. The rent data statement will be revised on receipt of your approval.

Provision of barbed wire fencing
Plan & estimate - Administrative
approval.

DESPATCHED
25 JUL 1939

Ref. No. E 5883/38-5, dt 21-7-39.

The Board submits for the sanction of the Govt., an estimate for Rs. 600/- provide for wire fencing on the northern & western sides of the Sub-Asst's quarters at Hospl, excluding the portion marked E F G H I J in the plan. The Board considers that provision of fencing for this portion is unnecessary. It is reported that the portion contains pits and is unfit for cultivation and that it will not fetch any value if sold. The Board therefore directed the Collr. to ~~return~~ return ~~the application and the portion of the~~

~~land may be retained as~~
assessed waste till there is a
fr ct.

There is already
wire fencing on the southern
and eastern sides of the Cattle
quarters. The Ex. Engr. Silliary
reports that the fencing of the
two sides now proposed was not
considered in 1937-38 in the
interest of economy finally
because there is wire fencing on
the western side and a high mound
on the northern side. The experience
of the occupant has however shown
that these are not sufficient
to prevent cattle trespass which is
causing much damage even
now to the garden, flower pots, etc.
and hence the recently put
proposed wire fencing. The
Ex Engr. also reports that masonry
khota ledge is not favourable
and may not be a success
on account of the friable and
rocky soil and scanty rains
in the locality. In the circumstances
the Board recommends that the Cattle

may be pleased to sanction the work as absolutely essential with reference to P.W.D. No. 402 P.W.D. dt. 4-4-38 and accord their administrative approval to estimate for Rs. (illegible)

2. Funds will be provided for the work in Sonai's Civil Engineering Works for 1940-41.

Sir,

Buildings -Government -Sub Collector's Quarters, Hospet - Providing barbed wire fencing to the compound - Revised estimate.

ENCLOSURES _____

SPARE COPIES p.23 of (S) p25 of (S)

In G.O. No. Ms. 2014 Public Works dated 16-8-1939 communicated in B.P. Misc. No. 2385 dated 23-8-1939, an expenditure of Rs. 600/- on the provision of wire fencing on the northern and western sides of the compound of the Sub Collector's bungalow at Hospet was approved, and the Board was pleased to order that this work may be included in the list of minor works for 1940-41. The Executive Engineer says that an estimate was sanctioned by him for Rs. 600/- and a work slip for Rs. 650/- was also approved by him in November 1940. Subsequent to the sanction of the estimate the price of iron articles has abnormally increased due to the war, and this has necessitated the preparation of a revised estimate which amounts to Rs. 770/- As the cost (of the revised estimate) exceeds the estimate already approved by Government by more than 10%, I request that the Board may be pleased to obtain the revised administrative approval of Government under para 102 of the Public Works Department Code.

2. The revised estimate, the original estimate and other enclosures received from the Executive Engineer,

Bellary

Bellary together with a copy of his letter 38/40 dated 25-2-41 are enclosed.

Executive Engineer,Bellary Division,Bellary.

Sub: Providing barbed wire fencing with R.C.posts etc., for the compound of the Sub Collector's quarters-Hospet-Revised estimate.

F 9(3)

In G.O.No.Ms.2014 dated 16-8-39 the Government approved an expenditure of Rs 600/- for providing barbed wire ~~wire~~ fencing for the compound of Sub Collector's quarters Hospet and an estimate for Rs 600/- for this work was sanctioned by by the Executive Engineer in D.R.No.59 By/9-39, and a workslip for Rs 650/- was approved in November'40. Subsequent to the date of sanction of the estimate the price of iron articles has abnormally increased due to the war. Hence the estimate is now revised adopting current market rates and the revised estimate for Rs 770/- is herein enclosed for obtaining the revised administrative approval of Government under para 102 of the Madras Public Works Department Code. The original estimate and workslip are also enclosed for reference and returned. A revised rent data statement is also enclosed.

A grant of Rs 500/- is reserved for the work during the current year. Hence I am proceeding with the work in anticipation of Government approval to the revised estimate, and I request that urgent action may be taken in the matter.

****

E.5883/38 - From the Collr. of Bellary.

*****

To Secy.

There is already wire fencing on the ~~xxxxxxxxxx~~ eastern and southern sides. The estimate now received provides for wire fencing on the other two sides. The length of the proposed fencing ~~xx~~ is 2,815 links or about 1,857 feet. The fencing along E F G H I J (in plan at p. 13 of ⑥) measuring x 659 links or about 435 feet seems to be unnecessary and may be cut off. It is not also known why the fencing of these two sides was not considered when the fencing on the ~~eastern and southern sides was carried out in 1937-38.~~ The Collr. may be asked to report on these points and to state whether the estimate cannot be reduced.

Perusal, in this connection, is ~~invited to the~~ B.P. at (T) ~~in which the Govt. have~~ ordered that a Madras thorn hedge which costs much less might be put up instead of barbed wire fencing to the R.D.O's quarters at Gudur in Nellore Dt. In ~~the case of wire fencing proposed to the Sub-Collr's~~ bungalow at Ongole, Guntur Dt., the Govt. have asked the C.E.(G.B.&R) to report through the Board, whether the possibility of growing a Madras thorn hedge in lieu of the ~~wire~~ fence, has been investigated. In the present case, there is already wire fencing on two sides. It is for orders whether the Collr. may be asked to report whether a Madras thorn hedge will not meet the purpose and if so to submit an estimate ~~therefor~~.

In the rent data statement received

ith the estimate, the interest on the capital cost
the estimate has been calculated at 6% instead of
4% in accordance with G.O.No.354 Fin., dated 28-9-37.
estimate together with the report data statement
may be returned to the Collr. for revision and

side. The experience of the occupant has now
shown that there are not sufficient to prevent
the cattle trespass which is causing much nuisance

view now to the garden, flower pots, etc and
incr the necessity for the proposed fencing. The
Ex. Engr. also reports that Madras Kankerite is not
procurable and may not be a success on
account of the gravelly and rocky soil and
early rains in the locality. Under para 440
the P.W.D. Code, the administrative approval of
Govt. is necessary to the work. Funds have not been
provided for the work in the list of minor works for
1939-40. In G.O. No. 625 P. W.D., dt 24-4-39,
Govt. have ordered that only such works as are
considered to be absolutely essential, should be
proposed and that all proposals for the construction of
compound walls should be submitted to them for
sanction. In view of these orders also, the sanction
of Govt. seems necessary to the work. The proposal
treated as absolutely essential &
a wire fencing may be submitted to the Govt. and
recommended. If the Govt. sanction the work funds may be
provided in the list of minor works for 1940-41.

The plan and estimates have
not however, been countersigned by the Collr.
They may be got countersigned first, before
Govt. be addressed. Draft submd.

Buildings - Govt. - (Bellary) - Sub Collector's Quarters, Hospet - Provision of barbed wire fencing to the Compound - Revised Estimate - Govt's sanction. Requested.

AS -47 Cf

Mis 2385/23.8.39 (S)

From the Coll. of Bellary Ref C. 1241/41 Dt 16.3.41

AS (AR)

An expenditure of Rs 600 on the provision of wire fencing on two sides of the Compound of the Sub Collector's Quarters, Hospet was sanctioned in G.O. No. 2014 P.W.D Dt 16.8.39. The Board also ordered the inclusion of this work in the list of minor works for 40-41. Subsequent to the sanction of the estimate the price of iron articles has abnormally gone high with the result that the estimate had to be revised and raised to Rs 770. As the revised estimate is in excess of the original one by more than 10%, the administrative approval of the Govt is necessary under para 102 of the P.W.D Code. The Coll requests that this approval may be obtained.

p 23 Cf of (S)

p 25 of (S)

p 29 of Bk No 102

The Executive Engineer has stated that he is proceeding with the work in anticipation of Govt sanction. The Govt may therefore be addressed for according administrative approval for the execution of the work.
